Overview:

Artists will learn the fundamentals of makeup artistry in this four-hour hands-on class. Take an in-depth look at what a professional makeup application should include.

Class will begin with a full face makeup application demonstration, followed by hands-on practice. A low student: instructor ratio will be followed to guarantee all attendees receive ample hands on assistance with instructors.

Makeup Artistry: 101 includes, but is not limited to:

- General skin knowledge
- Sanitation/Set up
- Importance of skin preparation
- Priming of the face & eyes
- Selecting correct coverage & finish for you client
- Proper highlight/contour placement
- Conquering different eye shapes
- False lash application
- General information on free lance makeup/pricing
